## Support Native American Students

Help them achieve their dreams through education

### Dear Parent or Guardian:

We are excited to inform you that we are now enrolling students for the Accessing Choices in Education (ACE) program! The ACE program provides educational services to increase career opportunities and improve academic achievement for Native American students grades K-12.

One of the most exciting things about the program are the services we will be offering. We will be providing eligible children with the opportunity to select educational services ranging from tutoring and pre-apprenticeship training to summer enrichment camps!

If you would like to enroll your child, please complete the referral form, and return it to the counselor's office. If you have questions, or would like to receive more information, please do not hesitate to contact us at 501-666-9032. To find out if you are eligible to apply, visit our website at [www.AICAgO.org](http://www.AICAgO.org) and select the ACE program.

We look forward to seeing your child become an ACE Trailblazer!

Sincerely,

Ashley McBride  
ACE Program Director
